"You become human only if you possess the human qualities" with this purpose of imparting values, social awareness, sense of co-operation and sharing what we have with others, Theresians observed the month of December as a Thanksgiving Month. Students contributed money and edible things to distribute to poor and needy during this month. They also collected clothes and blankets for the orphan children and those who could not afford. The Management had a great responsibility to find out such needy students and help be given to them. The School has adopted a compassionate and lenient vision towards the fee of our students. 15-20% of fee concession was given to each student in order to ease the financial constraints of our parents and even more percentage of concession was done for more deserving cases.

Christmas 2021 was a special day for Theresian family- A day with poor and being with the people of Rajiv Nagar in Burhanpur was an enriching program. Yet another charitable sign we have showed was that our staff visited the houses of Khatla village and distributed edibles and stationeries and prayed with them.

And as you know and see now that we have such spacious and well equipped hall used for various purposes one of the relevant and demanding purpose here at Burhanpur is that we care for HIV AIDS affected patients, Hence, we collaborate and cooperate with Vishwas Society run by Holy Spirit Sisters on every first Sunday of the month for such purposes.

Modern Technology : Our school is well equipped with 90 CCTV cameras, 27 smart class board and updated computer lab with new software's, E-library with subject wise record as well as other general knowledge books. The long awaited dream has been fulfilled by building up of our school boundary wall along with renovation of bio lab.

Never Skip App : Never skip app smoothens the communication with parents, students and teachers. Birthday wishes, home work and student absentees' record through messages were appreciated by parents. With the help of the app arrangement of question paper and mark entry becomes easy. Progress card preparation, online fee collection details, modules of transfer certificates and character certificates also become easier. During this pandemic period it was very useful to relate with parents and students.

Conclusion: "What sculpture is to a block of marble, education is to a human being". Says J. Anderson. Education is the ability to meet life situations.

Once again we thank all our stakeholders for your support and cooperation. The strenuous effort of our teachers has been bountifully blessed and we are thankful to them. To brief it, we thank the Almighty for His continuous protection over us on each day of our life.

With this I seek God's blessings for each one of us to keep accomplishing new heights of success. I would like to extend my heartfelt gratitude to Rev. Fr.
